# Advancing Therapeutics, Improving Lives.

For more than 25 years, Gilead has worked to develop medicines that address areas of unmet medical need for people around the world.

Our portfolio of medicines and pipeline of investigational drugs include treatments for HIV/AIDS, liver diseases, cancer, inflammatory and respiratory diseases, and cardiovascular conditions.

Every day we strive to transform and simplify care for people with life-threatening illnesses.

## Proud Supporter of Harlem United

*As a proud vendor to Harlem United for almost 20 years I would like to congratulate the three honorees for the Inaugural Bash for 2016*

*Harlem United is a growing service provider in the community which shows respect, integrity and a commitment to all who seek services from their health care center. I have witnessed Harlem United's growth over the years, and the way in which it has reached it's arms around the neighborhood to educate and help so many.*

*There is nothing more important than providing and helping other people. Harlem United goes beyond to share and touch people in all aspects of life. The satisfaction of what a provider gets back in return in a form of a thank you, a hand shake, or a hug is priceless.*

*I wish Harlem United continued growth, to provide more services, which means the message is reaching more individuals and families in need.*

---

My family and I share Harlem United's core beliefs and vision, as evidenced by  
by my three children working in health care and education.
